RoadRailer Simulations

FMC Box Car Repaint Pack Manual

Notice Before Installing

This repaint pack requires the FMC 50ft PlateB Railbox model, which is available on Railworks America:

http://www.railworksamerica.com/index.php/download-library/rolling-stock-repaints?view=document&id=1464:fmc-50ft-plateb-railbox&catid=19:rolling-stock-repaints

Before you begin installation, it is recommended that you backup your Railworks folder in case something goes wrong. Follow the instructions carefully, to ensure a smooth installation.

See "Installation" for instructions on how to install this pack.
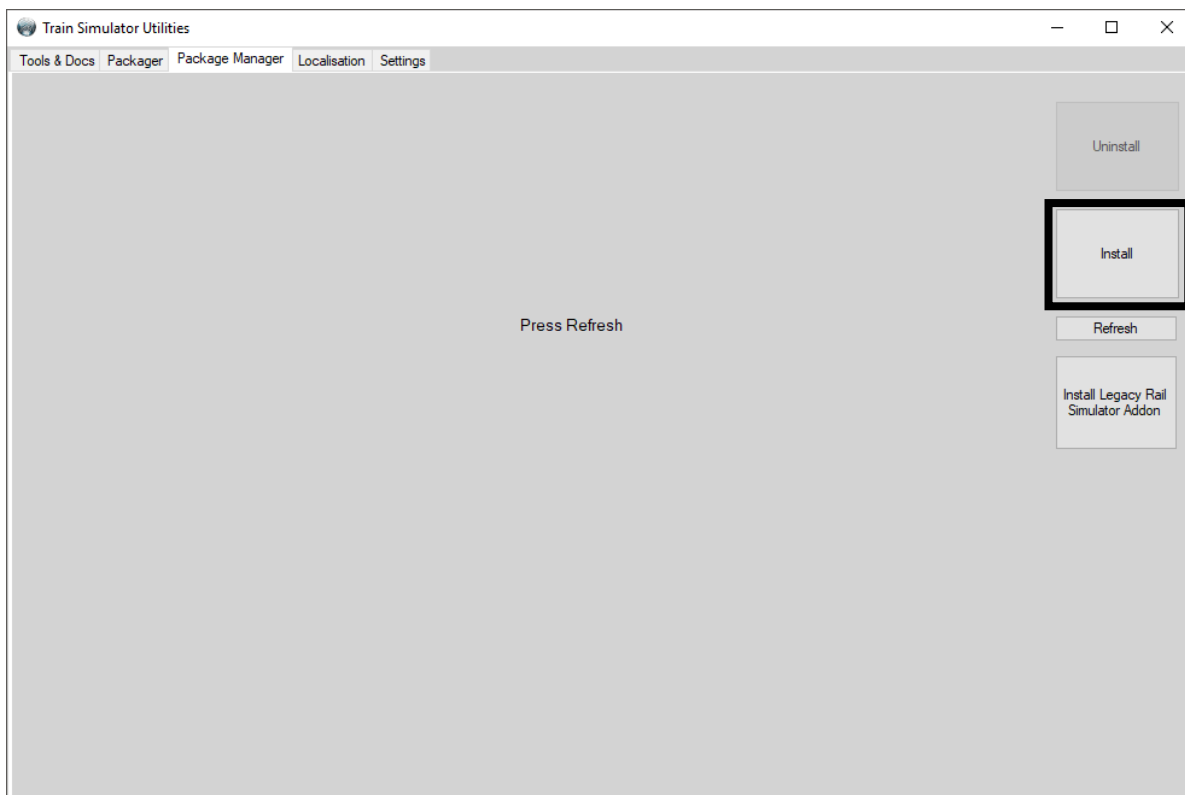

Installation

1. **First, launch the TS Utilities program from the Railworks directory**
    (located in C:\Program Files (x86)\Steam\SteamApps\common\RailWorks).

    If the system asks for permission by User Account Control, allow it.

    Utilities.exe

2. **Under the Package Manager tab, click "Install".**
    Locate the file "FMCBoxCarPack.rwp" in the main folder, and then click "Open".

    The repaints will be installed automatically.
