Description:

In what many would call 'normal times', the 17:32 departure from London Waterloo would be packed full and standing of paying commuters threading it's way through the evening peak traffic of South West London out towards Guildford. Perhaps luckily, 2F93 still survives in the reduced timetable of the COVID-19 pandemic although would go on to get axed the week commencing 01/02/21. This evening you will take 450031, 450006 and 450076 on said service on the entirety of it's 30 mile journey calling at: Surbiton (1748), Esher (1752), Hersham (1755½), Walton-on-Thames (1759), Weybridge (1803), Byfleet & New Haw (1806), West Byfleet (1809½) Woking (1817½), Worplesdon (1822½) and Guildford (1831). Despite the reduced service, it will still be a busy run this evening, good luck out there driver!
