

## **OTS: 9E06 06:24 Liverpool Lime street to Newcastle**

This pack consists of 4 scenarios covering ATS Chat Moss, DTG Huddersfield Line, OTS Harrogate Loop & DPS ECML Northeast (Steam workshop),

### **Installation:**

Extract the Files using 7zip and then copy the content file into your Railworks folder.

### **Description:**

Over the duration of the included 4 scenarios you will operate a morning Transpennine Express service from Liverpool Lime street to Newcastle Via Manchester Victoria and Huddersfield. You will begin your shift at Edge Hill Depot where you will need to prepare your unit from cold then take the unit into Liverpool Lime street where the service will begin.

Traction: 800x (8002008)

Total Duration: 200 minutes

### **Route Covered**

Liverpool to Manchester Victoria

Manchester Victoria to Leeds Via Huddersfield

Leeds to York via Direct Line

York to Newcastle

**Please not the scenarios titles contain the [OTS] Prefix.**

**Known Issue:**
